COOPER & COMPANY,
MEADOW STREET, FORT, BOMBAY.

OLD IRISH WHISKY,

THE immense success which has attended the introduction of their unrivalled blend of Scotch Whisky (Old Glenlivet) has induced TREACHER & Co. to apply their long and practical knowledge of this branch of the Company's business to the production of a blend of the finest IRISH WHISKY, which would meet with the approval of consumers of the article.

After lengthened experiments with the finest matured Spirits from the best known Distilleries in Ireland, the Management have succeeded in producing a blend which they confidently assert to be unequalled by any other offering in India.

It is a well known fact that a large portion of the Whisky offered as Irish is known to the trade as "silent spirit," which is commonly distilled from refuse, such as spoiled grain, rotten potatoes, and other abominations.

TREACHF & Co. guarantee that this blend is made from pure malt spirit only, distilled from the finest grain or malt, is pure, mild, and agreeable, and entirely free from essential oils and other impurities.

Sample sent free upon application.

COMMERCIAL INTELLIGENCE.

MONDAY EVENING MARCH, 22, 1880.

THERE are no alterations to notice in Reuter's closing telegrams of Saturday in addition to those already recorded.

The Bank of Bombay return for the week ending on Saturday shows the following changes :—

Public Deposits at H. O.	Dec.	Rs.	24,703
Do. Branches	Inc.	,,	11,35,377
Other Deposits	Dec.	,,	15,98,546
Government Securities	Dec.	,,	1,82,125
Loans	Inc.	,,	4,92,231
Bills Discounted	Inc.	,,	22,71,302
Cash with Correspondents	Inc.	,,	2,21,980
Cash and Currency Notes	Dec.	,,	23,19,690

From the above particulars it will be observed that the Cash Balance in the Bank of Bombay is further reduced by 21 lacs, attributable to the increase in the amount of bills discounted. Money here to-day has consequently been in fair demand, as higher rates of discount seem probable. The Bank of Bengal's former aggregate Cash Balance has been maintained by a sale of 22 lacs of Government Paper.

EXCHANGE.—The transactions reported during the day have been few and unimportant. Rates opened at a decline of 1-32d. on Saturday's rates, which has since been partially recovered. Buyers showed little anxiety to secure bills, and it seems probable that there will be little doing here until after the Holidays.

From Calcutta rates are telegraphed weak, demand Bank drafts being quoted at 1s. 8d., while here the rate opened at 1s.8 1-16d., and advanced to 1s. 8 3-32d., and to 1s. 8 7-32d. for 3 months' sight Bills. While the public telegrams quote Bar Silver at 52d. per oz., private messages indicate 52¼d. per oz, as seller's price with little demand, pending next sales of Council drafts in London. We quote :—

Bank Bills, on demand	... 1s. 8 3-32d.	per Rupee.	
Do. 3 months' sight.	1s. 8 7-32d.	,,	
Credits 2	,, ,, ... 1s. 8 5-16d.	,,	
Documents 3	,, ,, ... 1s. 8¾d.	,,	

On Calcutta, demand drafts are at par, and 60 days' sight Bills 99 3-16.

GOVERNMENT PAPER.—The market continues dull with sellers at Rs. 94¾ to Rs. 94 7-8 and Rs. 101 ¾ to Rs. 101 7-8 for Fours and Fours-and-a-half per cent. respectively.

SHARES.—There is little change to report in this market. In Press Companies a decline of Rs. 7½ is reported in Bernard's. Spinning and Weaving Concerns Dhurumseys have advanced Rs. 10, Manockjee Petits Rs. 5, and Prince of Wales Rs. 5 per share. The Directors' reports of the Coorla Spinning and Weaving Company and Empress Spinning and Weaving Company for the half year are of a fairly satisfactory character, considering the high rates of Cotton and low rates for Yarn current. The profit and loss account of the former shows a profit of Rs. 66,237-13-10, including a balance of Rs. 28, 230, 5-5 carried forward from the previous half year. The Empress makes a nett profit of Rs. 16,524-6 7.

COTTON.—The market opened strong here this morning owing to the favourable accounts from Liverpool of Saturday's date, but buyers showed little disposition to pay a further advance of Rs. 2 per candy, which was demanded by sellers. Some sales, however, have been reported during the day at Re. 1 per candy advance on Saturday's quotations, and the market closes strong in anticipation of continued favourable accounts of the Liverpool Market to-day. The Receipts from up-country for two days are moderate, being 12,648 bales, the arrivals of Broach being now on a free scale. We quote :—

Good M. G. Broach, Ready	... Rs. 249	per candy	F. P.
Good Comrawuttees,	,, ... 236	,,	,,
F. G. F.	,, ... 228	,,	,,
G. F.	,, ... 221	,,	,,
Good Dholleras,	,, ... 239	,,	,,
F. G. F., April	... 235	,,	,,

SEEDS.—Linseed is in fair demand at Rs. 6-4 per cwt. for ready, and Rs. 6-5 per cwt. for April delivery. Rapeseed is still quite neglected.

WHEAT is steady at Rs. 38 per candy for Old White ready, and Rs. 35 per candy for May delivery.

FREIGHTS keeps firm, but there is less excitement than there was a few days ago. For Liverpool via Canal rates have been done during the day at 47-6 to 48-9 per ton Havre, April-May loading, 42-6 to 43. Mediterranean Rates unchanged. Sailing ships 35 to 37-6 per ton.

IMPORTS.—There is no real improvement to report in any of our markets, but there is a somewhat better feeling in Yarns, and dealers are not inclined to submit to any further decline. Copper is offering on easier terms.

MESSRS. C. MARCKS & CO., OF HUMMUM STREET, BOMBAY, AND EAST STREET, POONA,

HAVE the pleasure of announcing that MR. A. MENIST, Oculist's Optician, of Amsterdam and London, has APPOINTED them AGENTS for the SALE of his CELEBRATED PEBBLE SPECTACLES, &c., &c.

The reason they have for accepting the Agency is as follows :—

Having tried to procure, regardless of expense, in all the CHIEF TOWNS OF ENGLAND AND ALL LARGE CITIES, Pebbles and Frames equal to those produced by MR. MENIST, AND HAVE TOTALLY FAILED TO APPROACH THEM.

One of the chief essentials in good Spectacles is to place the Pebbles before the eyes in a proper position and at a proper distance according to the particular defect of sight being treated Ill-made and loosely jointed frames, by causing a displacement of the Pebbles, entirely alter their focal power, and so injure the eyes, for this reason Mr. Men

THE adjourned enquiry relative to the death of Mr. C. Grondona was held at the Town Hall yesterday. Mr. Payne who represented the friends of the deceased gentleman asked that the inquest might be adjourned in order that the Government might take up the case and the enquiry be made more complete. The Coroner acceded to the request and the inquest was adjourned to Thursday next.

THE annual general meeting of the Sailors' Home Society is to be held this afternoon in the institution at 5 p.m. The meeting will be presided over by H. E. Admiral Gore-Jones. The Bombay Sailors' Home has had many "ups and downs" to contend with during an existence of nearly half a century, but through judicious and careful management it has tided over many a pecuniary difficulty, and through the liberality and support of the mercantile community has been often and often saved from dire necessity and ruin. A quotation from one of its recent reports aptly describes what it has done during a somewhat eventful career:—"It has from very humble beginnings expanded into a great and useful institution, conferring benefits on thousands of a most important, though usually improvident, class, and been instrumental, it is believed, in suppressing a large amount of vice, misery, and fraud."

THE Lahore paper is of opinion that the report of the Army Commission is not likely to be adopted in its integrity, or its recommendations carried out *en bloc* by a practical Government. Schemes for army reform are easily drawn out on paper, but there is a general, and we think a very well-founded distrust of changes of an essential character based upon mere theory. All great changes should be the result of the slow growth of experience and of needs which make themselves felt, not the outcome of mere speculative opinion, however intelligent and plausible. It is proposed to destroy the staff corps and to re-establish a regimental system. This, however, cannot be done by a stroke of the pen, without giving rise to a fresh crop of complications, and what the Governm nt will object to still more strongly—expenses.

WE regret to hear of the death at Bareilly of Lieutenant-Colonel W. F. F. Gordon, commanding 63rd Regiment, stationed at Umballa. This regiment is very unfortunate in having lost seven officers within the last fifteen months.

THE *Civil and Military Gazette* says an excellent suggestion has been mooted in the Kurram valley, namely, that tribes on whom we inflict punishment should, as a part of that punishment, be made to construct good open roads from our line of communications into the hearts of their own districts—a very nauseous pill for a hill man, who looks to the absence of roads as his chief protection against the British—to swallow.

"ATLAS" in the *World* says: —Aides-de-camp and private secretaries should write their notes carefully. Some amusement has been created among Indian fashionable society by the following:—"Lady G. will be much obliged if you will kindly varnish her. She thinks only one side wants doing, but would be glad if you would send an experienced person to make an examination." He omitted the word "carriage."

Truth thinks it is high time the Admiralty began to consider whether the existing want of any dock accommodation on the East India station ought not to be supplied, and calls attention to the fact that the other day the Euryalus, having something amiss with her screw, had to be conveyed from Bombay all the way to Malta, in order to ascertain the defects, there being no nearer place where she could be docked.

THE British Burma revenue accounts for the year 1878-79 show an increase of Rs. 8,97,094 in the gross demand, and Rs. 16,30,841, or 10·18 per cent., in the nett revenue, as compared with the previous year. The net revenue for 1871-72 was R. 1,23,79,440, while in 1878-79 it amounted to Rs. 1,87,82,734, so that there has been an increase of more than fifty per cent. in the interval. During the same period the population has increased from 2,562,323 to 3,688,902, and the incidence of taxation per head from Rs. 5-7 to Rs. 9 8-11.

IT appears the Commander-in-Chief did not leave Calcutta on the 20th instant. The *Indian Daily News* of that date announced:—"The special train ordered for His Excellency the Commander-in-Chief, and to leave Howrah this evening, has been countermanded. His Excellency remains with the Government of India for the present." The same paper states:—The Home Government has interfered, and decided that matters are to remain unaltered at Kabul, and that Sir F. P. Haines will not be permitted to take the field. This order is, we believe, so peremptory that a portion of the office establishment, which had left for Peshawur, has been ordered by wire to return. The reason advanced for this decision is that His Excellency's direct control of operations in the field would entail too large an expense.

THE *Indian Daily News* points out that the need for forming a second Reserve Division at Peshawur has arisen. That is, the requirements of the war on what may be called the Khyber line have already absorbed three divisions, and demand the formation of a fourth; and as yet the only result has been that we hold the exposed position of the city of Kabul, and cannot reckon on anything a mile from our cantonments in any direction. Practically, we are now in a worse position than we were on the morning after Charasiab, for we have the *prestige* of that victory destroyed by the lessons taught the Afghans during the black days of December. By persistently underestimating the character of the enterprise forced upon it by the affair of September 3rd, the Government has landed itself in a war of vast proportions.

THE *Bombay Cathoic Examiner*:—The last hours of Sir Richard Temple's tenure of office as Governor of Bombay were not employed in merely dispensing to those who presented themselves before him with words of good counsel and kind wishes: up to the last moment he wielded his pen for the purpose of putting his signature to documents that for years to come will stand in record to the credit of his three years' administration in the Presidency. Among these documents was one settling a Government grant of Rs. 10,000 towards the Anjumani-I-Islam of Bombay, for the promotion of Mahomedan education in the city. Another document was signed whereby a site was allotted for the Byculla Club, when it shall be removed from the Flats on the ground now adjoining the Admiral's Bungalow, to the south end of the Marine Lines.

THE *Indian Daily News* is afraid that Sir Richard Temple may not fail utterly in English political life, but that it has the satisfaction of knowing beforehand that if he succeeds, it will simply be because he is emphatically "a bad lot:" "His object no doubt is to use his seat in Parliament as a stepping-stone to the Viceroyalty. We trust he will shortly discover that he has made a mistake. If Worcestershire choose him, we hope it will be allowed to keep him. He is the completest charlatan that the Indian Service has ever produced. This, however, is an age favourable to charlatans in politics, and it would therefore be rash to predict that Sir Richard will be a complete failure in English political life. But what we do predict with considerable confidence, is that, if Sir Richard get into Parliament as a Conservative member, and should the Liberals, contrary to his expectation, get into power, he will desert his colours at the earliest opportunity, and go over to the winning side."

Vanity Fair has received accounts anything but creditable of the doings of Sir Ashley Eden, K. C. S. I., especially with regard to the Police. Sir Ashley, it says, has handed over the control of the force to the Deputy Commissioner, who has been aggrieved by certain revelations in the Indian newspapers imputing corruptions and other abuses to the Police, and has had newspaper offices watched, sought to get his spies employment in them; and failing this has made a raid upon the private dwelling of a young inspector. It was discovered that this Inspector had a bed-ridden brother who kept a diary—therefore the Inspector was suspended for three months. No charge has been made against him, neither has he been called upon for any defence, but he has been told to "apologise." When he asks for what and to whom he is told that "he knows." If only half of what is written about this subject has a semblance of foundation, *Vanity Fair* thinks it is high time that Sir Ashley Eden and the Deputy Commissioner should be called to account.

THE administration reports by the managers incumbered estates in Sind, and in Thar and Parkar, show that altogether 313 estates have been taken under management, and proposals have been submitted for 54 of the largest of them, representing more than half the actual liabilities. Of the remainder it is considered probable that many will be restored to their owners, and that this would not have come under management at all if the preliminary inquiries had been properly conducted. The total sum claimed by creditors was, it appears, Rs. 30,77,693, of which only Rs. 16,60,976, or little more than one-half, has been admitted, exclusive of Rs. 75,637, not yet disposed of. A large percentage of cases, it is stated, no claims were preferred at all, the reason of their abandonment being, as explained by the Political Superintendent, Thar and Parkar, 'that the so-called creditors had already received full satisfaction of their just claims, and the balance which they told the zemindars was due consisted only of exorbitant compound interest, claims for which they did not care to advance to the manager.' The Secretary of State remarks on the reports that they are satisfactory, and reflect credit on the management of Colonel Boulton and Major Crawford."

THE constitution of the Viceroy's Council is the subject of comment by our Calcutta contemporary, the *Statesman*, who, calling attention to the fact that Mr. Whitley Stokes, the Legal Member, left Calcutta on Tuesday last in the Khedive, further writes:—No announcement is made as to the filling of his appointment, and at the same time we are told that Mr. Gibbs from Bombay succeeds Sir A. Arbuthnot. The connection may not, at first sight, be obvious, but there is a very close connection nevertheless. As we stated before, the Public Works Membership cannot, without an amendment of the law, be abolished, unless the Act under which it was made is regarded as permissive. If permissive only, then her Majesty need not renew the appointment; the Public Works Membership can by law, be abolished, and then unquestionably it is contrary to the Act that a temporary vacancy should be filled after intimation by the Secretary of State that the place will be abolished. But this has been done by the appointment of General Fraser, and the permanent vacancy created by Sir A. Arbuthnot's retirement is filled by Mr. Gibb. Both appointments cannot be according to law, unless the Members in Council are to remain at six. But assuming the intention of reduction, either of Mr. Gibbs' permanent, or General Fraser's temporary, appointment is illegal. Of course, if Mr. Gibbs and General Fraser are prepared always to vote with Lord Lytton and Sir John Strachey, there are obvious reasons for doing what is not according to law, and for spending money which is not according to declared policy. But the reasons are hardly justifiable public reasons. There are also obvious, but not justifiable reasons, for not filling Mr. Stokes' temporary vacancy; for the gain by doing all these things is in fact three votes, and we shall thus have an unanimous Council, or something like it. But it is illegal, as is perfectly well known, not to fill Mr. Stokes' temporary vacancy. And yet the Viceroy who sanctions such arrangements belongs to what is called the Conservative party.

THE annual general meeting of the Bombay Native General Library is advertised to be held this evening at the Framjee Cowasjee Institute. Members and donors of the institution are requested to attend.

THE CIRCUS.—Mr. Wilson announces that this (Tuesday) evening will be a "grand naval night," at his circus. The performance will be under the patronage of H. E. Admiral Gore-Jones, and as several specialities will be introduced upon this occasion, there will no doubt be an overflowing house.

CRIMINAL BREACH OF TRUST.—Lahroo Seva, a goldsmith, was on Saturday last fined Rs. 30, or in default six weeks' rigorous imprisonment, by Mr. W. Webb, for criminal breach of trust in respect of Rs. 10 in cash belonging to Rama Jelloo.

FIRE IN POONA.—Another fire occurred at Poona on Saturday afternoon—the fourth within a fortnight—by which the mess bungalow, behind the Council Hall, lately occupied by Colonel Waddington, were destroyed, and a child, five years old, burnt to death.

THE annual meeting of the Bombay Auxiliary Bible Society and the annual meeting of the Bombay Tract and Book Society are to be held in the Bible Society's room this evening at 8. p.m. The attendance of the members and friends of these societies is cordially invited.

ACCIDENT.—A labourer, named Babun Ameer, whilst at work on Sunday last in an excavation in connection with the drainage works at Dhammur Gully, was buried under a quantity of earth, which suddenly gave way and fell upon him. When extricated, he was insensible. He was at once removed to the J. J. Hospital for treatment, and is still lying there in a precarious state.

BREACH OF TRUST AND THEFT.—Gunput Purshotum was yesterday convicted, by Mr. W. Webb, on two separate charges: one of criminal breach of trust in respect of a cap, value Rs. 7, belonging to Gasinath Dhondoo; and the other of theft of sundry brass and copper vessels, value Rs. 20, the property of Ruckmee, a woman. He was sentenced to three months' rigorous imprisonment.

COLLISION IN THE HARBOUR.—On Saturday afternoon, while the mail steamer Nepaul was proceeding from her moorings at Mazagon towards the Apollo Bunder she ran down prow No. 2,870, in charge of tindal Tookaram Bapoo. The prow was laden with fifty boxes, containg horse-shoes and nails, in transit to the Government steamship Dalhousie, being intended for Afghanistan. The value of the property lost is not known.

CREDITORS OF THE COLABA SPINNING AND WEAVING MILLS.—At the High Court yesterday, Mr. Justice Bayley settled the lists of creditors of this company which had been prepared by the official liquidator, the Hon'ble Mr. Latham, inspected by Messrs. Ardasir and Hormusjee, appeared for the liquidators. Several claims, admitted by the liquidators, were accepted; while the claims of the Bank of Bombay, the new Colaba Company, and others were allowed to stand over.

EDUCATION AMONG THE MAHOMEDANS.—An influential meeting of the Mahomedans of Bombay was, at the invitation of the committee of the Anjumani Islam, held on Sunday afternoon at the house of Mr. Cumroodin Tyabjee, solicitor, High Court. Several gentlemen addressed the meeting, and at the suggestion of the Turkish Consul in Bombay, committees for different sections of the Mahomedan community were appointed to adopt the preliminary measures in furtherance of the objects of the meeting.

SHOOTING IN POONA FOR THE MAXWELL CUP.—We (*Deccan Herald*) understand that the teams of the G. and H. Companies have completed their firing for Maxwell's Cup, the result being that H. Company beat G. Company by 36 points. G. Company competed successfully for two years, but as one of the conditions for the Cup is that it should be won three times before it can become the exclusive property of any winning company or team, we may well expect another two years' delay before the prize is given. Our contemporary does not tell us what scores were made.

A SUIT AGAINST THE CHARTERED BANK OF INDIA, AUSTRALIA, AND CHINA.

YESTERDAY at the High Court the hearing of an action brought by the official liquidators of the Colaba Spinning and Weaving Company against the Chartered Bank of India, Australia, and China, which commenced on Saturday last, was continued before the Hon'ble Mr. Justice Bayley. The suit was brought to recover Rs. 6,800, with interest, omitted by the Bank to be credited to the plaintiffs on the 5th December 1878. The Hon'ble Mr. Latham and Mr. Farran, instructed by Messrs. Ardasir and Hormusjee, appeared for the plaintiffs; and Mr. Macpherson and Mr. Jardine, instructed by Messrs. Craigie, Lynch, and Owen, for the defendants.

In 1878 the plaintiffs borrowed a large sum of money from the defendants and had a loan account with them. On the 4th December 1878, the balance at the foot of the account in favour of the defendants was Rs. 50,27,9-0. On the following day a sum of Rs. 6,000 was paid by the plaintiffs to the credit of the loan account, but the defendants negligently omitted to credit the same. On the 13th December when the loan account was made up, Rs. 47,956-2-7 were found due to the Bank by the plaintiffs. The same day, Nursey Kessowjee, then secretary and treasurer of the plaintiff company, paid the defendants Rs. 1,80,600, out of which the latter appropriated Rs. 46,600 to pay off the debt of the plaintiffs. The balance of Rs. 1,356-2-7 was subsequently paid by Nursey Kessowjee to the plaintiffs' account, but the Rs. 6,800 which had recently called upon the Bank to pay to them the Rs. 6,800 omitted to be credited to the plaintiffs, but the Bank refused to pay,—claiming to apply the amount in payment of a balance due by two other companies that were managed by Nursey Kessowjee.

The case for the bank is this. On the 5th December 1878, Nursey Kessowjee paid Rs. 6,800 and Rs. 2,800 to the credit of the plaintiffs' and the Nursey Spinning Company's loan accounts respectively. These amounts were credited in the defendants' cash book, but by some oversight or mistake were not posted into the loan accounts as they ought to have been. Another oversight or mistake also occurred. The same day Nursey Kessowjee paid Rs. 4,100 and Rs. 2,400 into the accounts of the New Alexandra and New Fleming Mills respectively; but these sums, although they were debited in the Bank's cash book, were not post d to their respective ledger balances. It appears that, from the 5th to the 28th December 1878, on which latter date the mistakes were corrected, the Bank's loan register did not correctly show the amounts due by the plaintiff' and the other three companies, the amount shown as due by the plaintiffs being more than was really due by Rs. 6,800. Subsequently an arrangement was come to with the Bank by Nurses Kessowjee, who, in order to redeem the goods of the four mills held by the Bank as security, paid Rs. 1,83,942-13-4. In consequence of the absence from the loan accounts of the four sums above mentioned, the Bank received Rs. 5,100 more than was really due to them. Before the mistakes were discovered, the Bank had distributed the monies received from Nursey Kessowjee in payment of the balances due at the foot of the loan accounts from the four mills. The debit balances were then entirely written off. The result of the distribution was that the plaintiffs' loan accounts was by mistake credited with Rs. 6,800 more than ought to have been credited to it. The Bank denied that, by reason of the mistake which was corrected on the 28th December, the plaintiffs acquired any right whatever to recover from them the sum of Rs. 6,800. The Bank preferred no claim to the Rs. 3,100 received by them in excess of what was due, and held that sum on account of the four mill companies. The case is still at hearing.

INSPECTION OF THE POONA VOLUNTEERS.

THE third annual inspection of the Poona Detachment, B. V. R., took place on Saturday evening at five o'clock on the Race Course plain. There was a very good attendance, the absence of a few members in the districts not having any appreciable effect. The field state was about one hundred and thirty-five.

On account of General Primrose's absence Col. Palin, the officer commanding the station, accompanied by Col. Hicks and Col. Gillespie (Inspector General of Musketry), inspected the Detachment. Col. Gillespie carefully examined the rifles of the men and reported favourably on their condition to the inspecting officers. He was especially pleased to see that the men had profited by his caution last inspection as to the handling of the rifles at the "order."

The corps received the inspecting officer at the "present." Col. Palin then passed down the ranks and placed himself at the saluting point. The men were closed by the Adjutant, Captain Stokes, and after "breaking into column to the right," were marched past in column. The march past in column was fair; that in quarter column with changed ranks good. Still there was a tendency to bulge in the wheel and to sway while marching. These faults, however, were by no means so apparent as at last inspection—and a decided improvement since then was evident.

The companies were then halted and deployed left. This movement, as well as the retirement of the column from the left in rear of the right, was executed with promptness and neatness.

Of the other battalion movements the marching in echelon and forming cavalry square were creditably performed. Second Lieutenant Smith and Captain Cook put the battalion through the manual and firing exercise and the bayonet exercise. These were as smartly and neatly performed as could be wished.

The company drill was then drilled in the same commanding officer. The company drill was undoubtedly better than the battalion. G Co. acquitted itself very creditably, and the advance for attack of H Co. was excellent.

At the close, Col. Palin addressed the commanding officers of both companies. He expressed himself satisfied at the soldierly bearing and orderly appearance of the Volunteers. He commended the march past in quarter column and the battalion movements generally.

The manual and firing exercise he considered good, as also the company movements, especially the advance for attack of H Co. He was also pleased to find that Col. Gillespie had reported favourably on the condition of the rifles.

The men before leaving cheered the Adjutant, Captain Stokes, loudly. Captain Stokes has entirely won the confidence of the Volunteers, and no better proof of his popularity can be afforded than the alacrity with which they responded to his wishes. Captain Cooke, of H Co., whose wonderful "go" and never tiring energy are unsurpassed, was also enthusiastically cheered by his men.—*Deccan Herald*.

CRICKET.

PARSEE C. C. *vs.* 2-11TH REGT.

THE return match was played on Saturday. When these two teams met last, it will be remembered that the regiment won an exciting match by 17 runs according to the first innings, but this time the "fickle goddess" was against them, for the Parsee Club gained a hollow victory by 127 runs.

BOMBAY PORT TRUST.

EXCERPTS from the proceedings of a meeting of the Trustees of the port of Bombay held on the 18th instant.

A letter was read from the Traffic Manager, dated 23rd February, recommending that in order to prevent the possibility of opened and damaged packages being tampered with in Prince's Dock, a small partitioned room be made in a corner of each shed, so that open cases may be placed under lock and key.

Read memo. by Resident Engineer, dated 9th March, estimating the cost of a teak fence 10 feet high, enclosing a room of the size required at Rs. 331—one in each shed would therefore cost Rs. 1,617.

Resolution.—The construction of 3 rooms at an estimated cost of Rs. 693 is sanctioned to be charged to capital.

Read Government Resolution No. 767, dated 15th March, pointing out that the rate proposed to be charged to the railway company on all wagons brought into the sidings on the Trust Estate is clearly of the nature of a toll, and as such, cannot be imposed without the sanction of Government. In lieu of this rate Government proposes that so far as State railway stores are concerned an extra 4 annas per ton be allowed, except for stores landed at the dock, and that the charge of 12 annas per wagon hitherto paid by the railway company for such traffic should cease, the railway company providing the staff required to work the sidings.

Resolution.—Consideration postponed for a week.

Read letter, dated 12th March, from J. Westall, Esq., Secretary to the Royal Bombay Yacht Club, asking for a site on which to pitch a tent on Wellington Reclamation on as late as easy terms as have been granted to the Boat Club.

Resolution.—The land should be given on the same terms as to the Gymkhana.

Submitted revised estimate for 1879-80. It brings up the revenue to Rs. 17,65,000 and the expenditure to Rs. 18,58,000.

Resolution.—Government should be informed with regard to the deficit which the estimates show, that the dock having been opened before the completion of the northern channel and the warehouses, the Trustees have not received sufficient revenue to pay the interest for the 3 months of January, February, and March, 1880. They therefore are that it would be only reasonable that the unpaid interest should be debited to capital pending the completion of the above works.

The following was amongst the papers laid on the table:—

THE DEFENCE OF GENERAL ROBERTS.

MR. F. HARRISON concludes as follows his article in the current *Fortnightly* on "Martial Law at Kabul."

I wish to speak with all the forbearance possible of a truly brave and skilful soldier who is carrying out most difficult campaign against great odds under the orders of this country. But those who think that fatal steps in policy are being taken, and cruel wrong is being done to an unoffending people, are not to be hindered from attempts to obtain a change of policy by the fact that General Roberts is carrying it out, in a brave man and is thousands of miles away. We have all the painful and thankless parts of our duty to perform. And they who criticise the conduct of a victorious campaign have to bear the weight of an embire government, of the whole official machine, and its followers in public and in private reputation is dear to all of us, and not to victorious soldiers alone. And he perhaps was dear to the Afghans who marched with such quiet courage to their gallows. There can be no more of these foolish personal ties. We have all of us our duty to do.

If I decline to accept as conclusive the reply of General Roberts so far as it is yet known, I make no imputation on his honour or veracity. The commander of course has not given an account of his own personal knowledge as an eye-witness. He has been transmitting official reports which come to him in the course of duty, as other ordinary business. The reports, at least as far as we have seen them, constitutes sufficient evidence, and what has fixed a sentence of guilty. No one expects from the commander in a harassing campaign profound judicial acumen, nor is a court-martial conducted like a trial at assizes. It is a question always of more or less, and time and place. And no reasonable man will ask more, in such a case as this, than fair evidence to convict a person personally of murder. Before a man is convicted and hanged, a reasonable man will require some fair evidence of a specific offence and act.

Now we have had from General Roberts, besides the letter that was read in Parliament, two telegraphic accounts of the executions. Both appeared in the *Times* of February 6th. The first, communicated by Mr. Sherston, was as follows:—

"Kabul, *Wednesday*.—No one executed unless convicted of attack on Residency. No soldiers shot for fighting against us. Full explanation submitted to Government, which, I am confident, will be considered satisfactory."

The second communicated on Lilly is as follows:—

"The following telegram has been received from Sir F. Roberts:—'Before November 12 about seventy-three men were executed; one, the city Kotwal (Magistrate), and two others convicted of deliberately murdering the bodies of the officers of the Embassy, seventeen for attacking escorts and having property of the Embassy in their possession, and forty-nine for proved murders of camp followers and implication in attack on the Residency. Since November 12 men were executed on conviction of attacking the Residency. Up to the 15th of December fifteen more were sentenced to death for killing wounded soldiers as well as implication in attack on the Residency. We understand that a report, with the names of all the persons executed and the charges against them, is on its way to England.'" Now these two accounts are not consistent; both cannot be accurate. If "no one was executed unless convicted of attack on the Residency," what is the meaning of the first classes in the second telegram? Was no man hanged for carrying a knife? Were no Mollahs executed for preaching a crusade? Were no malks of villages put to death? Were no men shot or hanged after the battles of December? It is possible perhaps to show that the first telegram is only inaccurate in form; but as they stand, these two accounts are not to be reconciled. In a matter of this moment, when two telegrams are given to the public on the opening of Parliament, it does seem a serious defect in the procision of these statements that the two cannot both be accurate.

It will be remarked that the second telegram states that the Kotwal and six other men were convicted of dishonouring the bodies of officers of the Embassy. In his letter that was read in Parliament on February 13 he speaks only of the Kotwal as having committed this offence. In this matter we can accept as conclusive no general denial, no elastic use of the term "implicated," and no vague phrase about "treacherous" at arms. We are making war on a wild Asiatic people: but we must make war in Asia or in Europe according to the rules of European civilisation. It is not with gallant soldiers in a campaign that we have now to deal; we are dealing with our Government at home. It is not about general inhumanity, but about a policy that we are now concerned. This is not a matter to be disposed of by general denials and summary reports. The idea seems to have been accepted that the murder of the Envoy and the subsequent defence were all the one inextricable transaction; that of eight or nine regiments in Kabul in September (some 5,000 men or so) every man was guilty of death; that strenuous opponents of the British are rebels, and that the inhabitants of every village whence a shot is fired may properly be hanged.

I can accept no article in this code of constructive retribution. I can forgive no wholesale destruction of contumacious villages and outlawing of patriot chiefs. And lastly, I complain that a British army invaded an unoffending people and carried with it into every valley the horrors of a civil war.

I am well aware of the duty which is dear to us all, to one who stands to the voice of humanity in the midst of a victorious war; I well know the power of a Government to baffle an inquiry and to drown the appeal in passion.

British Armies in the East will go on no doubt for a time in the career of aggression, from one act of unreason to another. But not the less will we call out, as we do even now, for our countrymen, till its still small voice at last is heard.

THE MALABAR HILL RESERVOIR CONTRACT.

(Concluded from yesterday's "Bombay Gazette.")

Mr. Rughoonath, said he must confess he was unable to see that all negligence was blameworthy. It could not be otherwise, and the more serious it was in its consequences, the more blameworthy or culpable it became. There was no occasion, therefore, to be spliting hairs about the particular term by which to designate that carelessness. There was, however, a more serious point, which he thought it was highly desirable his friends, who were for the vote of want of confidence, should take into their gravest consideration. It was important for them always to keep in view the position they held and the limits of their power. This matter came before them only in the exercise of their authority over the finances of the Corporation. (Hear, hear.) Mr. Walton was not subordinated to their authority. They would neither appoint, nor remove, nor suspend, nor fine, nor otherwise directly deal with him. He was the appointee of the Corporation. They alone could deal with him, what meant, then, their vote of want of confidence in him on the one hand, or a vote of censure against him on the other? Take it that they were passing either the one vote or the other, what could come of it? Mr. Walton repeatedly denied that he had been guilty even of carelessness, and he maintained that what he had done was quite justifiable by the circumstances. Assuming that they could carry one vote or the other, Mr. Walton would say, "Gentlemen, I am sorry that you think of me as you do. I have my own opinion of my conduct and do not see any reason to alter it." To him their censure or their want of confidence would be equally matter of indifference. On the other hand, they were arrogating to themselves the function of the Corporation. They were anticipating their verdict, they were prejudging the case and preventing Mr. Walton from making his explanation to, and so clearing his character with the only power to whom he was amenable. He would suggest therefore, to his brethren at the Council that they ought not to go beyond their ken. He would simply ask who had devoted more time, had given more thought and attention, had more critically gone into all available evidence, had taken more trouble in procuring that evidence, and had, in short, more minutely, thoroughly weighed all the *pros* and *cons* of this case, than their energetic and zealous Commissioner. (Hear, hear.) Surely the answer would be "None has." If they, therefore, endorsed his views and stopped there, they would certainly be not very far wrong. They might, therefore, record their agreement with the opinion of the Municipal Commissioner that there had been nothing beyond carelessness on the part of Mr. Walton. He even qualified it so as to make it appear as if it were an error of judgment, but on this he would ask him a question or two later on. To what amount that carelessness on Mr. Walton's part was calculated to cause loss to the Municipality had yet to be ascertained. It was quite probable that in the adjustment of the contractor's claims it might turn out that the loss, if any, was hardly worthy of consideration in face of the value of the good work that had been done, and it was quite possible that the Corporation, looking to Mr. Walton's explanation, to the good work that had been done through his indefatigable exertions, to his comparatively inconsiderable loss that had been occasioned, might be disposed even to acquit Mr. Walton of all blame, or at the outside to accept and endorse the recommendation of the Municipal Commissioner to blame him for his carelessness and leave the matter there. The fifth paragraph of the report from the Commissioner ran thus:—"It is impossible, in my opinion, to acquit Mr. Walton altogether of the charge of carelessness, and from a pecuniary point of view, of neglect of the interests of the Municipality, but at the same time I have no hesitation in expressing my conviction that in whatever he has done or has omitted to do throughout the entire transaction, he has acted throughout in perfect good faith and under the impression that

ADVERTISING AT RAILWAY STATIONS.
THE Proprietor of the "Bombay Gazette"
Press having leased (among other privileges) from the Great Indian Peninsula Railway Company, and the Bombay, Baroda and Central India Railway Company, the exclusive right of advertising at all the Railway Stations belonging to these two Companies, is prepared to contract with parties desirous of posting Notices or Advertisements on the lines.
The announcements may be in English or in any of the Native Languages.
The advantages which Railway Stations present as a means of bringing intimations of all kinds before the public have been demonstrated in England by the extensive use which is made by Advertisers, of every station, great and small, along every one in the United Kingdom.
Insurance Companies, Shipping Companies, Hotel-keepers, Merchants, Traders, and others who wish to favour their business on the notice of the Public, all alike value the privilege of Railway Station Advertising.
There is no reason why the privilege should not be also specially valuable to Advertisers in India. Looking to the great and increasing number of Native Railway Passengers on the two trunk lines of Western India, native merchants, traders, &c., seeing that they have the privilege of advertising in their own language, would find the publication of their announcement at Railway Stations a decided means of extending their business
And as nearly ALL TRAVELLERS ARRIVING IN INDIA NOW LAND AT BOMBAY, and proceed by the G. I. P. or B. B. and C. I. Railways to their destinations, placards exhibited at the different stations on those lines are every day becoming more and more valuable as means of bringing the Advertiser's business to the notice of the Public.
Advertisers can select the Stations, on either line, at which they wish their Placards posted, and may advertise for any period that may be agreed on. The charges have been fixed on an extremely moderate scale to encourage Advertisers to make a liberal use of the new means now offered of making announcements known to the Public.
Placards, according to the taste of Advertisers, may be printed at the "Bombay Gazette" Press.

GRIMAULT & CO.,
PHARMACEUTIAL CHEMISTS,
PARIS, 8, RUE VIVIENNE, PARIS.
MESSRS. GRIMAULT & CO. beg to inform the Public that they have made arrangements in order to secure a regular supply of their celebrated remedies all prepared according to the formulæ of the Official Codex. These medicines are prescribed by duly qualified medical practitioners in all parts of the civilized world.
GRIMAULT & Co.'s
Syrup of Hypophosphite of Lime.
The Diseases of the Chest, the Consumption reputed incurable to this day will find an almost certain remedy in GRIMAULT & Co.'s Syrup of Hypophosphite of Lime; Asthma, Bronchitis, the different types of Cough, never resist to its salutary influence.
To distinguish GRIMAULT & Co.'s Syrup of Hypophosphite of Lime from numerous imitations made, the Genuine one is always Coloured in Rose.
GRIMAULT & Co.'s
Matico Capsules and Injection.
Renowned Physicians prescribe GRIMAULT'S Matico Injection as the most active and at the same time the most inoffensive remedy in the treatment of Acute and and Chronic Diseases. The Matico Capsules, specially convenient to the persons who prefer an internal medication have not, like Copaiba, the inconvenience of giving Nausea.
DUSART'S
Syrup of Lacto Phosphate of Lime.
Tonic, Reconstituent and Digestive of prime order, particularly suitable to Feeble subjects, Convalescents, old people, and Rickety Children, who find in them the Calcareous Elements entering into the Constitution of the Bones, well adapted to Ladies in the Family Way and Wet Nurses (whose milk it enriches).
GRIMAULT & Co.'s
Indian Cigarettes.
Asthma, Nervous Coughs, Chronic, Laryngitis, Hoarseness, Loss of Voice, Facial Neuralgia, and Insomnia are rapidly relieved by using these Cigarettes.
GRIMAULT & Co.'s
Guarana.
A single powder of this vegetable production is sufficient to cure instantaneously the most violent Sick Headache. It is the most valuable remedy against Diarrhœa, Dysentery, and all disorders proceeding from derangement of Stomach or Bowels.
